The Pequot War

by J. CARROLL MANSFIELD

THE ESTABLISHMENT OF THE CONNECTICUT SETTLEMENTS ANGERED THE PEQUOTS, A FOW-TRIPLE TRIBE OF INDIANS LIVING IN THAT REGION, AND THEY BEGAN TO LOOK FOR THE CHANCE TO ATTACK THE WHITE MEN.

ALARMED BY THE HOSTILE ATTITUDE OF THE PEQUOTS, THE CONNECTICUT SETTLERS, NOT WAITING TO BE ATTACKED, TOOK UP ARMS AND PREPARED TO STRIKE THE FIRST BLOW.

A FORCE OF SOLDIERS WAS SENT TO HELP THEM FROM MASSACHUSETTS AND TOGETHER THEY MARCHED AWAY TO MAKE WAR ON THE PEQUOTS.

IN 1637 THE UNITED FORCES OF MASSACHUSETTS AND CONNECTICUT, WITH THE AID OF SOME INDIANS WHO HATED THE PEQUOTS, MADE A SURPRISE ATTACK ON THE STRONGHOLD OF THE ENEMY AND KILLED NEARLY FOUR HUNDRED OF THEM—ONLY FIVE PEQUOTS ESCAPED TO WARN THE REST OF THE TRIBE.

THE REMAINING PEQUOTS FORTIFIED THEMSELVES IN A SWAMP NOT FAR FROM NEW HAVEN, WHERE THEY WERE SOON SURROUNDED BY THE COLONISTS. AND IN THE BATTLE THAT FOLLOWED THE LAST OF THE PEQUOTS WERE KILLED.

IT WAS A BLOODY BUSINESS BUT IT BROUGHT THE WHITE MEN PEACE FOR A LONG TIME.

SENATE PASSES ANTIQUAKE BILL

Measures to Curb Medical Fakes Go to Governor

Cold Storage Egg Control Also Given Approval

Proposed State Bar Act is Sent to Richardson

SACRAMENTO, March 30.—Two bills were passed by the Senate and sent to the Governor today designed to prohibit the operation of so-called diploma mills and to make any fraud in the procuring of a license to practice medicine or healing, a felony. Physicians coming from other States would be required to take an examination. Assemblyman D. P. Anderson, Santa Rosa, was the author of the measure, the first of which provided that buying, selling or attempting to buy or sell any degrees or credits for the securing of a license to practice any system of treating the sick would be a felony. The second raises the penalty now in force for such fraud or attempted fraud from a misdemeanor to a felony.

The Senate also passed Assemblyman Scudder's bill providing that boards of supervisors may employ one or more dental hygienists or dentists to perform such dental work in a town or city as may be required and may fix their compensation.

Another Assembly bill which the Senate passed up to the Governor was the one by Jones for a new general law regulating the sale of cold storage eggs. The law would provide that no person should sell eggs unfit for human food unless the same had been broken and de-statured. The State Board of Health would be given power to establish standards of quality and standard of eggs; purchasers of eggs must be notified in advance of the standard of the eggs on sale.

Still another bill by Assemblyman Anderson, which the Senate passed up to the Governor, was one amending the Medical Practice Act so that licenses could be revoked for attempted violation of any terms of the existing law; the purchase, barter or sale of medical degrees or credits; acting as a proxy in a medical examination; or for being adjudged insane by a Superior Court.

The Senate sent to the Governor a bill by Assemblymen Carter, Walker, Spencer and McDowell creating a public corporation to be known as the State Bar of California. This, if the Governor gives his approval, will institute the self-governing bar and give attorneys the right to draw rules and regulations for the practice and discipline and impose penalties for violation of the ethics of the profession.

QUARTET OF BANDITS RAID DIAMOND SHOP

NEW YORK, March 30.—Four men today raided the offices of Sobel & Kales, diamond brokers, of 45 Maiden Lane, and escaped with uncut diamonds valued at between \$10,000 and \$150,000. The robbery was opposite the new Federal Reserve Bank Building.

EX-IDAHGO GOVERNOR DIES MOSCOW (Idaho), March 30.—William J. McConnell, former Governor of Idaho, and father-in-law of United States Senator William E. Borah, died at his home here early today at the age of 85 years.

SANTY OF JAZZ GIRL NOW ISSUE

Murder Trial Halted; New Jury to be Impaneled

Dismissal of Present Jurors Announced for Today

Defendant Collapses Again at Close of Court

SACRAMENTO, March 30.—Judge Harold Louderback in Superior Court here this afternoon halted the murder trial of Dorothy Ellington, "Child of Jazz," 14 years of age, charged with killing her mother in the bedroom of their home last January after a quarrel over the daughter's conduct. The court announced that the jury would be dismissed tomorrow morning and a new jury impaneled to determine whether the girl is insane at present.

The girl found no comfort in the turn her case had taken. During the discussions of her sanity this morning and this afternoon, she sat with a white, drawn face. As she went out for the noon recess, she wept. This evening, at the close of court, she staggered from her seat and fell out of the grasp of the matron, striking against the bars of the courtroom. It was one more of the many times she has fainted since her trial began a week ago.

A motion by the defense to interrupt the murder trial until the mental condition of the defendant is ascertained, was granted after the court had excluded the jury and the testimony of Dr. Jau Don-Ball, a specialist in mental diseases.

MEDICAL INSANITY

Dr. Ball pronounced the girl "suffering from a psychosis." Her form of insanity, he explained, was "medically and not legally." Judge Louderback held that the showing of insanity was sufficient to justify a jury trial.

The psychiatrist said his opinion was based on an examination of Dorothy Ellington yesterday, taken in conjunction with previous visits to the girl and his knowledge of her history.

"When I saw her yesterday," he testified, "reference was made to her age of 14 years. Her response was instant. Her great rage immediately manifested itself. She yelled, screamed, left the examination room and slammed the door."

Asst. Dist. Atty. Harmon S. Bicklin directed a penetrating cross-examination of the doctor.

"Have you a complete history of the girl's past life?" he asked. Dr. Ball said he had. He added, under further questioning, that he had made a complete physical and mental examination and had conferred with other specialists.

"She is biologically a woman," the witness stated. "Psychologically her age is all right for the average of her age. She is overgrown, overdeveloped. Physically she is older by two years than her age."

SYMPTOMS OBSERVED

"Her behavior; her ability to cooperate with her examiners. These tantrums she flings into. Her defects in judgment and reason. Her symptoms were very negative in regard to me and the other doctors who examined her. This was manifested in more or less indifference, except for epidemic spells of interest. She lacks the judgment of a normal person."

Under further questioning by the court Dr. Ball said the girl had "no association of ideas, especially in regard to her own welfare." He added that her comprehension is very, very low.

The witness said that the girl came within the classification of "medically insane." In response to a further question he expressed the view that she was incapable of making a rational defense to the charges on which she was being tried.

The prosecution declined an offer by the defense to stipulate that the impanelment was not expected to require more than a day. Each side has but four peremptory challenges and rules of civil instead of criminal procedure prevail at such a trial.

OKLAHOMA FLOGGING SUSPECTS ARRESTED

OKLAHOMA (Okla.), March 30.—Four men were in jail here late today, charged with the abduction and flogging of S. A. Llewellyn, 26 years of age, a farmer living near Castle, who was found unconscious tied to a tree near his home early today, his body lacerated and bleeding.

STOCKTON THEATER ROBBED

STOCKTON, March 30.—Burglars succeeded in gaining entrance to the State Theater this city and robbing the safe of \$2700 early this morning.

FRENCH BUDGET IN SENATE

Calls for 32,500,000,000 Francs; Difficulties of Finance Outlined by M. Berenger

(BY CABLE AND ASSOCIATED PRESS)

PARIS, March 30.—A budget of 32,500,000,000 francs, shorn of "political propaganda" injected by the Chamber and free of "tinkering with civil and commercial laws," was presented in the Senate today by Senator Henry Berenger, reporter for the Finance Commission.

M. Berenger asserted that the Chamber had put into the budget "financial dead stock kept in reserve for many years" and this, along with numerous tax exemptions for certain classes, has been pitilessly rejected. The Senate has retained the provisions for increases in the pay of functionaries and pensions amounting to about 1,400,000,000 francs, but trimmed other expenses so as to keep the budget within the government's original estimates.

The inter-Allied debts problems must be solved," he said, "but for the moment we are in a difficult situation. Future budgets must depend on the value of the franc and the franc itself is largely dependent on the country's confidence."

He criticized the government for preparing the budget so late that Parliament could not pass it in time.

Other speakers, in the discussion of the bill as a whole, voiced similar views. Senator Perchot warned that government business must have more credit facilities. Agriculture is prosperous but industry is seriously threatened. The inter-Allied debts, he went on, were the principal obstacle to monetary stabilization and he deplored the attitude of the British and Americans should take an uncompromising attitude toward us, or having reduced Germany's debt."

The Senate is likely to have its own view of the matter, at a conference with the Premier tonight, agreed not to fight for most of the budget provisions to which the Senate objected and exacted from M. Herriot the promise not to stake confidence on these measures before the budget was returned to the Chamber except on the suppression of the Vatican Embassy.

CHILD'S BANK IS FOUND IN RUINS

WOMAN TO TEST STATE WITH \$40,000

Eastern Friends to Watch Experiment; Plant Wizard Replies to Letter

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, March 30.—A letter stating that she intended coming to California to "invest \$40,000 here and that 100 friends were going to watch the result of her experiment, has been received by the Californians, Inc., from Mrs. Andriette Sullivan, wife of Judge Cornelius J. Sullivan, of Harrison, N. Y.

The letter was given to Luther Burbank, the famous horticulturist, to answer, and was carried to him by Helen Jacobs, national junior girls' tennis champion. In answer to the missive, Mr. Burbank wrote:

"Mrs. Sullivan's letter was brought to me by Helen Jacobs, who is as much a product of our California soil as my own Shasta daisy."

The letter was given to Luther Burbank, the famous horticulturist, to answer, and was carried to him by Helen Jacobs, national junior girls' tennis champion. In answer to the missive, Mr. Burbank wrote:

JAPAN'S COURTS TRY AMERICANS

Jurisdiction in Kwantung Renounced by Jurist

Commissioner Purdy Waives Extra-Territoriality

United States Citizens to Face Nipponese Law

(BY CABLE-REUTERS DISPATCH)

SHANGHAI, March 30.—In a decision handed down here by Judge William D. Purdy of the United States Court for China, American extra-territoriality in China does not extend to the Kwantung leased territory which, for the past twenty years, has been occupied by Japan.

Judge Purdy's decision reverses a decision previously given by U. S. Commissioner N. E. Lorton. It is construed here as meaning that Americans in Kwantung must appeal to Japanese courts for legal redress, since, by the ruling, American judges and assessors are not permitted to sit and have no jurisdiction in criminal or civil cases throughout the leased territory.

AMERICAN AT BAR

The ruling came in connection with a motion to quash proceedings in a case brought against Capt. A. W. Smith in the United States Court at Shanghai on a charge of assaulting a member of the crew of his ship with a weapon in a Dairen cafe. The charge against Smith was originally heard in the latter part of 1923, when Commissioner Lorton, in a lengthy decision, supported the contention of the American court that the American court here could take jurisdiction, and accordingly bound Capt. Smith to trial before the American court.

It was argued that inasmuch as the American Consul at Dairen was assigned to Japan by the State Department, it showed a tacit relinquishment of extra-territoriality. It was pointed out that under the terms of the China-American treaty the American court in China can sit anywhere there is an American consul accredited to China.

United States Dist. Atty. Leonard G. Husar appeared to oppose the motion to quash proceedings. He said, in substance, that under the terms of the extra-territorial treaty with China.

SAYS RIGHTS LAPSE

Judge Purdy, however, pointed out that the basic reason for American extra-territoriality was to overcome the necessity of Americans appearing before Chinese courts in the Kwantung leased territory automatically ceased.

Dist. Atty. Husar replied that the United States could not stop China from giving up her own rights in certain areas, but that China could not give up the rights of American citizens.

The Kwantung territory lease was transferred by Russia to Japan in 1905 for 25 years. It has a population of more than 1,000,000. Port Arthur and Dairen are the chief towns.

The letter was given to Luther Burbank, the famous horticulturist, to answer, and was carried to him by Helen Jacobs, national junior girls' tennis champion. In answer to the missive, Mr. Burbank wrote:

(BY A. P. NIGHT WIRE)
ST. LOUIS, March 30.—Presentation of evidence on which was based the plea for impeachment of Federal Judge George Washington English, ended late today. The accused judge probably will be the first witness in his own behalf tomorrow morning.

The Congressional committee which has spent a week hearing testimony of tyrannical and oppressive conduct while on the bench and irregularities in handling of finances of bankruptcy cases, closed today the report of two Department of Justice examiners, who investigated C. B. Thomas' referee in bankruptcy under Judge English.

In that report publication of part of which was left to the committee's later decision, it was set out that an order dated June 7, 1919, virtually turned the powers of Judge English's court so far as they related to bankruptcy over to Referee Thomas and gave him permission to use them as he pleased.

TRICKED SPOUSE
INTO BIGAMYLondon Wife Schemes to
Rid Herself of Her
Unwelcome Mate

(BY CABLE-EXCLUSIVE DISPATCH)
LONDON, March 30.—Mrs. Lillian May Butcher didn't like her husband, so she double-crossed him. First she told him their wedding was illegal, her husband states. So he left her and wed again. Then Mrs. Butcher had him jailed for bigamy. The husband, Frank, after telling his story to the judge and having wife No. 1 admit her role in the domestic tangle, was found not guilty of the bigamy charge.

One of the last witnesses today was H. P. Frisell, young United States Commissioner, appointed by Judge English in 1922, and who has been mentioned in much testimony as the recipient of large fees as attorney in bankruptcy cases. He denied that he had split fees with anyone or that he ever had known of anybody in Thomas' office splitting fees.

American is at
Oslo, Ready for
Amundsen Trip

(BY CABLE AND ASSOCIATED PRESS)
OSLO (Norway) March 30.—Lincoln Ellsworth, American engineer and aviator, who is to participate in Capt. Roald Amundsen's flying expedition to the North Pole, arrived here today. Ellsworth said it was expected the entire aerial trip would be accomplished in seven hours. If it proved possible to land, the expedition would remain at the pole twenty-four hours for observation and exploration purposes.

Capt. Amundsen and Mr. Ellsworth are leaving for Tromsø tomorrow. The naval transport ship Farm, which is being placed at Capt. Amundsen's disposal by the Norwegian government, sailed last night.

COAL OUTPUT INCREASES

(EXCLUSIVE DISPATCH)
NEW YORK, March 30.—During January the output of coal from the French mines aggregated 4,171,895 tons, twenty-six days, as against 3,450,338 tons for twenty-five working days in December, according to official figures received by the Bankers' Trust Company. The average daily output in January was 160,445 tons, comparing with the average output in 1924 of 136,447 tons.

HOOVER AND
COOLIDGE TO
GIVE VIEWSOther Cabinet Members
to Address Chamber of
United States

(EXCLUSIVE DISPATCH)
WASHINGTON, March 30.—Three Cabinet members, as well as President Coolidge, are expected to address the annual convention of the Chamber of Commerce of the United States here, May 12 to 22.

Secretary of Commerce Hoover has accepted an invitation to deliver an address at one of the night sessions of the convention. It is understood that he will discuss both foreign and domestic subjects. Secretary of Agriculture Jardine has accepted an invitation to make an address on agricultural questions. Secretary of State Kellogg is expected to accept an invitation to make an address in connection with a meeting of the American section of the International Chamber of Commerce.

President Coolidge's address is scheduled to be made at a night session of the formal dedication of the new building of the Chamber of Commerce.

It is possible that Vice-President Dawes also will be a convention speaker. One of the chief topics of discussion is to be the reference to steps which should follow the inauguration of the Dawes plan. Owen D. Young, who organized the machinery under the Dawes plan, will be one of the speakers.

Fruit, Nut Crops
in Italy Injured
by Cold Wave

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, March 30.—The United States Department of Agriculture here today received a message as follows from Washington:

"Great fall in temperature, accompanied by snow, in Italy. Cold has injured fruit crops, especially almonds, in Southern Italy and Sicily, according to a cablegram to the Department of Agriculture from the International Institute of Agriculture at Rome."

Brentano Quits
His Ministerial
Post in Hungary

(BY A. P. NIGHT WIRE)
WASHINGTON, March 30.—The resignation of Theodore Brentano as American Minister at Budapest, Hungary, has been received by President Coolidge. While no decision has been announced there is reason to believe that the resignation will be accepted.

In the case of Albert H. Washburn, Minister to Austria, whose resignation also has been laid before the President, the State Department is understood to have recommended that he be retained at his present post.

GUNN RE-ELECTED
CHIEF OF LINCOLN HIGHWAY

(EXCLUSIVE DISPATCH)
DETROIT, March 30.—J. Newton Gunn of New York was re-elected president of the Lincoln Highway Association at the annual meeting of the Board of Directors held here. Mr. Gunn already has served the association as president for four years.

The officers elected are: vice-presidents, F. A. Sieberling, Roy D. Chapin, Carl G. Fisher, Henry E. Joy, A. F. Bennett; secretary, Carl S. Hoad; treasurer, Emory W. Clark. Thus the officers of the last four years retain their posts, with the exception of A. F. Bennett of Detroit, who for the last ten years has been both a vice-president and secretary, and who resigned the post of secretary.

NEW PENSIONS CHIEF
TAKES OATH OF OFFICE

(BY A. P. NIGHT WIRE)
WASHINGTON, March 30.—Wilder S. Metcalf, of Lawrence, Kan., notified Acting Interior Secretary Finney today that he had taken the oath of office as Commissioner of Pensions and expected to arrive in Washington next week to assume his duties. Mr. Metcalf was reluctant to give up his farm-lease business in Kansas, but finally agreed to accept the post for the present pending appointment of a successor.

POSTAL SUPERVISORS
RESTORED, DEMOTED

(BY A. P. NIGHT WIRE)
WASHINGTON, March 30.—Postmaster-General New today directed the restoration to duty, with demotion, of each of the six postal supervisory officials suspended January 2, last, for their connection with efforts to influence legislation at the time of consideration of the postal pay increase bill.

MAJ. DALY TO LEAVE COAST

(EXCLUSIVE DISPATCH)
SAN FRANCISCO, March 30.—Maj. Charles D. Daly, Seventy-sixth Field Artillery, at the Presidio, Monterey, has been relieved from that regiment and detailed for duty with the Reserve Officers' Training Corps at Harvard University, Cambridge, Mass. Maj. Daly will leave San Francisco about July 1.

WET SENATOR
DERIES PASTORWisconsin Rum Rebellion
Waxes HotterMilwaukeean Preparing to
Push Wine BillLaughs at Threat of Drys to
"Get" Him

(EXCLUSIVE DISPATCH)
MILWAUKEE, March 30.—The fires of Wisconsin's legislative rum rebellion waxed hotter today through verbal fuel stoked by the Rev. Kenneth MacInnis, pastor of Trinity Methodist Church and a confirmed dry leader, who threatened to do all in his power to "get" Senator Ben Gettelman, if he gave the pastor a chance to "get the goods on him."

The pastor's threats of landing Senator Gettelman in jail evoked an immediate reply from the Senator, who retorted by telling the Rev. Mr. MacInnis, "he had better be careful whom he threatens and how he does it," adding that "any time the Rev. Mr. MacInnis wants to get me he had not better endeavor to do it himself or relay the job to any of his colleagues."

Sensor Gettelman, who continues to make wine while he receives encouraging telephone calls, is preparing to go to Madison on Wednesday, where he will renew his fight for adoption of his bill amending the Reversion law to allow the home manufacture of wines and other liquors which are not intoxicating in fact, for some. He will be defended in his fight by Dr. J. J. Seiman, head of the Association Opposed to Prohibition, who will argue in favor of Senator Gettelman's bills.

Meanwhile, the dry forces of the State are also making plans to attend the Senate session when he takes the floor to plead for his 2.75 per cent beer.

"It is laughable to think the Senate would seriously think of ousting me from that body," the Senator said today, when told the Anti-Saloon League was making moves in that direction. "I admit technically violating the Reversion law, but I have talked about that under the constitutional right of every American citizen to express his opinion."

Artesian Well
in Texas Home
of Blind Fish

(EXCLUSIVE DISPATCH)
SAN ANTONIO (Tex.) March 30.—A subterranean fish has come to the surface from the bottom of an artesian well, 1500 feet below. Fish have been coming out of the well for some time. Shaped like a catfish, fins and all, it has no eyes, strictly according to specifications of all subterranean fish. R. G. Hollister, the well's owner, who is manager of the company, fish have been coming out of the well for a number of months. Some of them were five and one-half inches long, he said. Since subterranean fish live only in subterranean caves, Bergstrom presumes one exists somewhere far beneath the earth's surface in the vicinity of the plant.

Six Soldiers Are
Shot in Church
Clash in Mexico

(BY CABLE AND ASSOCIATED PRESS)
MEXICO CITY, March 30.—Two officers and four privates were slay-six men, slay-a priest and women and one Spanish priest were arrested, the result of a clash between Federal soldiers and worshippers who for some time have been guarding the church building and are declared in reports to have opened fire upon the soldiers as the latter approached the church on patrol duty, the guardians of the edifice believing the troops intended to take over the building for the purpose of transferring it to members of the newly created Mexican Apostolic Church. It is believed several worshippers were wounded but are remaining in hiding for fear of arrest.

President Calles has ordered the military commandant at the town to take energetic action for the suppression of disorders.

SENATE IN FAVOR OF
WAR ON FILIBUSTER

(BY A. P. NIGHT WIRE)
DES MOINES, March 30.—Contrary to prevailing opinion, the members of the United States Senate did not reject the Inaugural address of Vice-President Dawes, in which the rule preventing filibuster was attacked. Senator Cummins of Iowa, president pro tempore of the Senate, declared today in an address before the Iowa Senate. "I am of the opinion that fully nine-tenths of the members heartily concurred," he said.

"Whether Mr. Dawes helped or hindered changing of the rules is another question, but the relations between him and the Senate members have been in no way strained."

FIGHT ALMOST WON

(EXCLUSIVE DISPATCH)
SAN ANTONIO (Tex.) March 30.—The war on sheep scab in the section of San Angelo, West Texas, waged by the Bureau of Animal Industry, Department of Agriculture, has been almost won. Only one ranch with two flocks remains under quarantine, the fourteen counties that comprise the district, according to Dr. Charles Webster, assistant veterinarian in charge for the Bureau of Animal Industry.

OPEN BRANCH LIBRARY
(EXCLUSIVE DISPATCH)
ST. LOUIS, March 30.—The fifteen-branch of the St. Louis Public Library is to be opened soon at Wellston. There will be 1500 books available to readers, half of them for children.

Remodeling

Now!

Tremendously Reduced Prices

Three hundred and sixty-four instruments in all—Grands, Uprights, Players, Reproducers and Phonographs—must and will be sold during this sale to make room for carpenters, workmen, plumbers, decorators, etc.—an instrument—a style—a quality and a price to fit every purse and circumstance.

This extraordinary announcement is coming from a house that does not indulge in special sales; in fact, this is our first great sale and we have a bona fide, genuine reason for disposing of these 364 instruments. We are going to remodel our store—not expansion, if you please, but concentration of our efforts, and we are offering nationally known and nationally priced instruments at tremendous reductions—at prices that are bound to move the entire stock, and do it quickly.

Three Hundred and Sixty-four Reasons Why You
Should Come Here Now—Today!New Phonographs . . . \$39 to \$97
Console Models, Standard Makes, Mahogany and Walnut CasesNew Pianos . . . \$221 to \$452
Choice of Fine Makes, Styles and WoodsNew Player-Pianos . . . \$294 to \$457
Nationally Advertised Players from Which to ChooseNew Grand Pianos . . . \$570 to \$985
Choose from Among America's Most Reliable MakesNew Reproducing Pianos \$650 to \$2228
Famous Makes—Uprights and Grands to Choose from

Spot Cash Prices—Long Time to Pay

In offering these superb instruments at tremendous reductions we should get cash for every single one of them, but those of you who want to take advantage of these exceedingly low cash prices may do so by paying a small cash payment and the balance in 10 to 30 monthly payments. This virtually means that we are loaning you the money so that you can take advantage of these wonderfully low spot cash prices on exactly the same basis as you would borrow the money from a bank. The saving made pays you well to do this—and IT NOW while you can get the broadest selection.

The Barnes unexcelled service is behind every instrument, whether it be an \$18.00 phonograph, a radio set or a \$400.00 piano; that same courteous, helpful service which has earned for this old house the reputation of the "House of Serviceable Selling" goes with every instrument sold during this sale. It adds nothing to the price, but much to the joy of ownership.

Fifty Good Used Pianos From \$95, \$135 Up to \$235
Forty Good Used Phonographs From \$8, \$18 and Up to \$85

PRESBYTERIANS WILL
HAVE WARM ELECTION

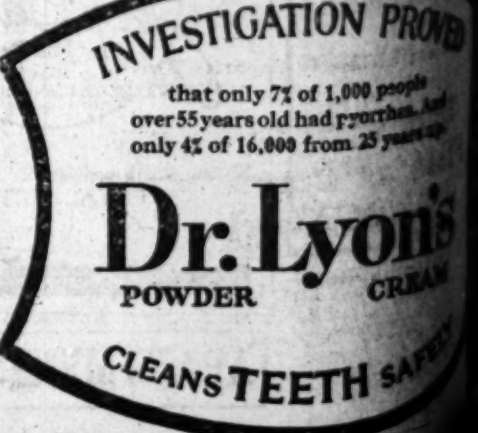

NEW YORK, March 30.—Conservatives and modernists are lining behind their candidates for moderator as the one hundred and thirty-seventh general assembly of the Presbyterian church, which will be held at Columbus, O., the last week in May, draws near. Rev. Dr. Lapaley A. McAfee of Berkeley, Cal., and Rev. Dr. Frederick N. McMillin of Cincinnati are the favorite candidates of the conservatives. The liberals have three prospective candidates. They are Rev. Dr. Charles R. Erdman of Princeton Theological Seminary, Rev. Dr. Charles Wood of the Church of the Covenant, Washington, and Rev. Dr. Robert Freeman of Pasadena. As the Pacific Coast has not had a moderator for several years, the contest may narrow down to one between Dr. McAfee and Dr. Freeman.

ONE KILLED, ANOTHER
HURT IN PLANE CRASH

(BY A. P. NIGHT WIRE)
BATON ROUGE (La.) March 30.—Albert Gladney, 18 years of age, Louisiana State University student, was killed and John D. Temple, high-school pupil, was injured when the airplane in which they were riding as passengers fell to the ground while in a tail spin.

BUS LINE AUTHORIZED

(EXCLUSIVE DISPATCH)
TUCSON (Ariz.) March 30.—A permit has been granted by the Arizona Corporation Commission to the Tucson Rapid Transit Company to operate bus lines here in connection with its street-car service. The routes are not specified, but statement is made that all outlying districts are to be served, with transfers from the tram lines.

PIRATES BATTLE VERNON

Pittsburgh National League Club Here for Six-Game Series at Washington Park

Heading one of the most colorful clubs in the big show the Pittsburgh National League baseball team arrived in Los Angeles yesterday afternoon for a week's stay. Today the Pirates clash with Bill Essick's team athletes at Washington Park, the game being called for 2:30 p.m.

One of the outstanding stars of the visiting team is Emil Yde, the young twirler who led the league in heaving last year with a mark of fifteen victories and but three defeats. Others on the Pirate pitching staff are Babe Adams, Morrison, Meadows, Kremer and Vic Aldridge, the ex-Cub, who is still gracing the ranks of Pittsburgh holdouts.

What is regarded as the fastest infield in the National loop will perform for the Bucs today. Pie Traynor, the sensational young third sacker, is back again, as is Glenn Wright, capable and hard-hitting shortstop, Eddie Moore, another youngster and a newcomer, is the talk of the infield. Nicholas is handling first, Moore playing second. This quartet has speed and youth.

WELTERS IN RETURN BOUT

Bercot and Barrett Meet at Vernon Tonight

Dode Hopes to Repeat His Early Victory

Opponent Boasts of Punch That Brings Sleep

BY PAUL LOWRY

Bobby Barrett, the murderous right-hand puncher from Philadelphia, Pa., and Dode Bercot, the southpaw swinger from Seattle, stage their second ten-round meeting at Vernon tonight—a meeting that promises even more in the way of excitement and thrills than their last great scrap.

Bercot was awarded the decision in the first fight, though Lonnie Austin, his manager, admitted afterward that he believed a draw was the correct verdict.

Barrett sent Bercot to the floor in the seventh round with a smash to the chin after a short jab in the clinches had rendered his rival woozy.

But Bercot came back with a flashy last-round finish, snapping over lefts and rights with abandon, while the redhead was laying back to finish things with one pulverizing wallop.

Barrett is a knockout king, pure and simple. He believes in either right-hand punch is a terrific thing. Oakland Jimmy Duffy, who all the promoters tried to lure away from Mickey Walker, a Barrett's best advertising copy in this State. Duffy is rated as a very clever young gentleman, but he succumbed to the Barrett wallop in the East a couple of years ago, and never went back.

PLANS KNOCKOUT

That there will be a Barrett knockout tonight is the assertion of Jimmy Daugherty, the "Baron of Leipsville," who manages the redhead from Philadelphia. He was disappointed in Barrett's showing last time, and got a fine razzing from Jack Kearns and other celebrities who attended the bout. Jimmy says Bobby will show 'em tonight.

On the other hand Lonnie Austin, who rates some pumpkins as a trainer, has had Bercot out in the hills and at the hot springs and will send him into the ring tonight in wonderful condition.

Dode is a strong, rugged boy who built himself up by rolling logs around the forests up in the Northwest. He is much cleverer than many persons have given him credit for being. He can't hit as hard as Barrett, but he stung Morrie Schleifer, the tough Jew, so hard he didn't know what it was all about, and beat him all the way.

INTERESTING BOUT

An interesting fight is on tap in the semi-wind-up, Ernie Owens, the in and out champion, battles Roy Cliffe, another of the Austin boys. If Cliffe gets by Owens he is established as a light heavy-weight main eventer and in line for fights with fellows like Huffman, Puente, etc., provided he can get 'em in the same ring with him.

Six months ago Cliffe was green, very green. He was still that way when he battled Harry Lee and was

NO CHANGE IN ACE-JOE SHOW

The Ace Hudkins-Joe Benjamin fight scheduled for Vernon next Tuesday night will be held at the place and time appointed when the match was made, despite efforts of amateur buggies to move the show outside and change the date. The announcement was made by "Wad" Wadhams, voice of Jack Doyle, speaking over the telephone yesterday.

Bear Hunters

A couple of demon athletes who will compete in behalf of the University of Wisconsin against California at Berkeley, April 11. Herbert Schwarze, the big bird toying with the sixteen-pound shot, holds the Big Ten record for this event, while McGinnis, in the circle, is a high jumper of considerable fame.

(P. & A. Photo)

EXPECTED JAIL TERM

Rickard expected a jail sentence. The crime was punishable by a fine of \$10,000 or two years in Atlanta or both.

As the moment drew near for sentence Rickard's face remained calm, but the top of his head where the hair is thin began to perspire profusely. One of his hands held to the arm of his chair. It showed while at the knuckles Judge Bodine directed him to stand up.

The court imposed a fine of \$5000 on the first count, said the judge, "and \$1000 on both the second and fifth counts."

Rickard never flickered. He is a good gambler. His friends came rushing to his face and he looked like a man from whose shoulder a spigot of water was gushing. His friends, promoters, pugilists and men of affairs, almost cheered.

A whisper started up like the crackle of fire. Rickard sat back in his chair, a contented, happy man. What was \$7000 to him? A man who maneuvered \$1,000,000 fights?

"JAP" ALSO FINED

The court then called Jasper C. Muma, familiarly called "Jap." Muma was quite a figure during the Washington scandal and was reputed one of the men who pulled the strings.

Muma is a chunky man, somewhat heavy-faced, but shrewdly hides behind steel-rimmed spectacles. His hair is gray and stubby. His face was somewhat troubled.

Fred C. Quimby, president of the defunct Quimby, Inc., which transported the films, was fined the same amount. He proved a smooth-looking, strong man, youthful, and nattily dressed in a brown suit.

"Quimby & Co.," said the judge, "are bankrupt, I am told, and so I impose a fine of \$1."

Theodore Hayes, Jack Kearns's secretary and Frank E. Flournoy were each fined \$1000 on the first count.

YANKEE WINS TITLE IN LONDON TOURNAMENT

(BY CABLE AND ASSOCIATED PRESS) LONDON, March 30.—C. C. Pell, United States, won the finals of the amateur racquets tournaments at the Queen's Club today, defeating Gen. S. H. Sheppard, 15-3, 12-15, 15-8, 15-1. Pell is entitled to challenge the holder, H. W. Leatham, for the amateur racquets title.

COPULOS BREAKS BILLIARD RECORD

(BY A. P. NIGHT WIRE) MINNEAPOLIS, March 30.—Gus Copulos of Detroit, Mich., broke the world's three-cushion billiard run record here today by defeating Johnny Layton of Minneapolis, 89 to 27, in twenty-two innings. The former record was twenty-three innings and was held by Robert Cannefax.

OFFER TUNNEY DELANEY BOUT

(BY A. P. NIGHT WIRE) CHICAGO, March 30.—Billy Gibson, manager of Gene Tunney, American light-heavyweight champion, received an offer tonight for a match with Jimmy Delaney of St. Paul, in San Francisco, April 13, but withheld acceptance pending the outcome of negotiations for a match with Tom Gibbons.

Tunney left for Hot Springs, Ark., to resume training to be in condition if either match develops.

Gibson said he may close for the Delaney match tomorrow. Young Stribling, who defeated Tommy Loughran in San Francisco last Saturday, was offered a match with Tunney but declined, according to Gibson.

RULING FAVORS FOSTER'S TEAM

Referee Owen Bird Declares Triumph Legal

Mason Still in Zone When Baton Was Passed

Hanford and Brinker Meet in City Meet

Manual Arts High School's track victory over Hollywood last Friday, was legal, the Artisans' win in the relay race being upheld by Owen Bird, A.A.U. official and referee of the meet, following a conference last night. The meet hinged upon Bird's decision as to the winner of the relay, since the points were so close that that event decided it.

Hollywood officials declared that Manual's relay victory was illegal and automatically lost when Mason, the baton from Bond on the 12th 1st 1st, stepped outside the 20-yard zone in which the pass must be completed.

After questioning G. C. Moore, official at the disputed zone, it was found that Mason's foot, although over the line, had not yet touched the ground when he took the baton, and was, therefore, technically inside the zone. Moore declared that Mason took the stick with one foot inside the passing zone and the other off the ground. Bird ruled this legal.

When the relay started, Manual was leading by a score of 54 to 52 1/2. When the relay had brought five more points to the Artisans' score, Hamilton, an official selected by Coach Sid Foster, declared that, in his opinion, Mason had stepped over. Since Mottis Blair of Manual had been given the job of placing officials, it was first thought Ham-

(Continued on Page 3, Column 5)

MAY SIGN UP GIBBONS AND TUNNEY TODAY

(EXCLUSIVE DISPATCH) NEW YORK, March 30.—Indications point to the signing tomorrow of articles for a bout between Gene Tunney, American light-heavyweight champion, and Tom Gibbons, veteran St. Paul boxer, to be held at the Polo Grounds on June 13 under the supervision of Matchmaker Jimmy De Forest.

Eddie Kane, manager of Gibbons, arrived from Chicago for the express purpose of closing arrangements for one or the other of the matches which have been dangled before the eyes of Gibbons for the past several weeks. In conference with officials of the milk fund who originally sought the Gibbons-Wills match for their charity bounties, Kane issued an ultimatum that unless Wills signed contract to box Gibbons is presented to him tomorrow by noon, he will proceed with arrangements for a meeting between Gibbons and Tunney.

A CHUCKLE FOR EVERYBODY

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the funniest jokes submitted by local people. Weekly prizes are paid of \$5, \$2, and twenty of \$1 each. A list of theaters showing the film, together with rules for submitting jokes are given daily in a coupon in The Times. Prize-winners' names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a souvenir of appreciation.

Two intoxicated Irishmen on a Thursday.
Heaven, thash where I get off.
E. E. McManis, 2846 North Griffin, city.

Mother (reading daily report):
Oh dear, this paper says it will rain

tomorrow. Now all our plans are spoiled.
Well mother, why don't you get another newsboy.
Mrs. C. A. Butler, 5923 Sixth avenue, city.

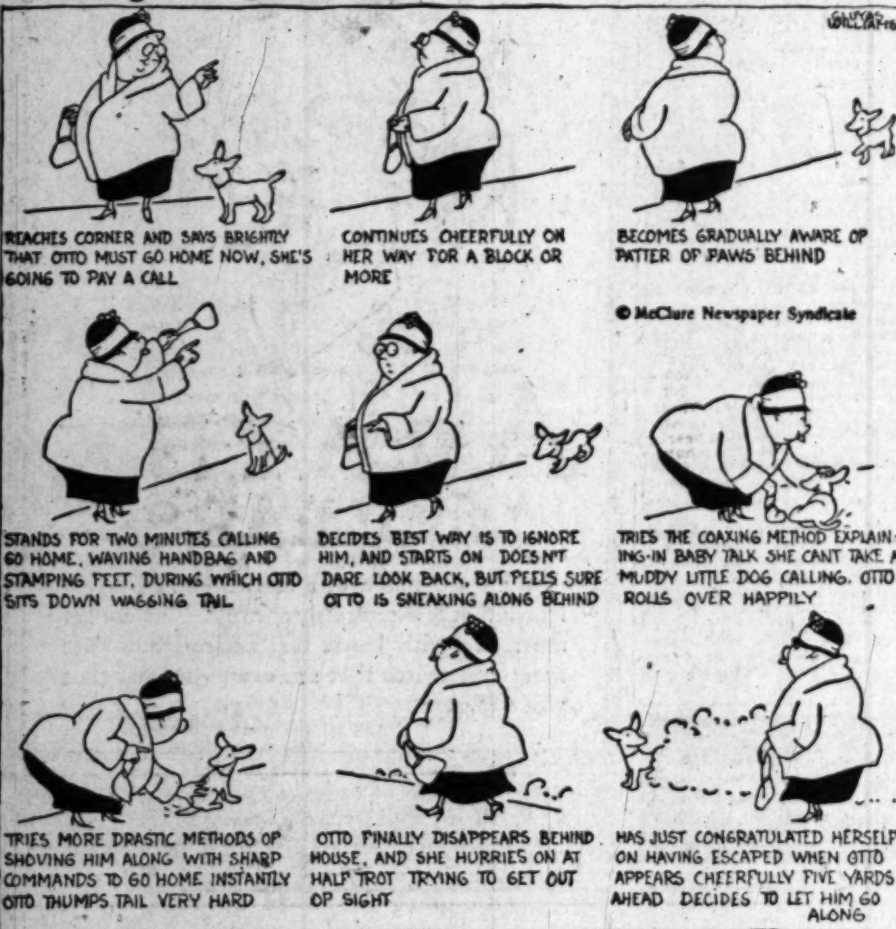

Pat indignantly asked a colored boy wearing a shamrock "N" what part of Ireland are yis from?
Boss, I'm from Burnt Cork.
Lawrence P. Adair, 117 1/2 West Twenty-eighth street, city.

Tax expert: Have you set down your new false teeth?
What's that got to do with income taxes?
You've said a mouthful—it's just another source of income to jaw about.
S. W. Patterson, 1719 N. Gower, Hollywood.

PADRE RICARD'S SECRET LET OUT

Methodist Telescope His Partner in Fame

Father of the Rains 'Told on' at City Club Luncheon

Accuracy Has Won for Him World Reputation

A telescope which he purchased from the Methodists many years ago, enabled Rev. Jerome Ricard, pastor of the Rains, to make an international fame as a weather prognosticator. It was reported at the City Club last night, where the father was a guest of honor at a dinner.

The purchase of the telescope was one of the interesting incidents of the life and work of Rev. Joseph Maher, a Jesuit priest and traveling companion of Padre Ricard. The rain padre was pictured as a man, nearly 70 years of age, with a long white beard, and a humble way without any great endowment fund at his command, and without any great literary or scientific equipment. The telescope, which he had purchased from the Methodists, was a gift of a man, nearly 70 years of age, with a long white beard, and a humble way without any great endowment fund at his command, and without any great literary or scientific equipment.

More Than Dozen Injured in Street Car Collision

Persons Went to Receiving Hospital for the treatment of injuries sustained when a southbound "F" car and a northbound "M" car crashed shortly after noon yesterday on right of way between Forty-seventh and Forty-eighth streets on Hoover street. With one exception the injured passengers, who were taken from both cars, suffered minor injuries. Defective brakes on the "F" car, which jumped the tracks and crashed into the "M" car on a curve, are believed to have been responsible. Photo at left shows "F" car tilted over by the force of the collision. At right is shown the front end of the "F" car. (Times photos.)

Hard Hat, Spats and a Cane were worn by Buster Keaton, grim-faced comedian of the movies, when he stepped from a train from the East at the Santa Fe station yesterday. Mrs. Keaton (nee Natalie Talmadge) and the Keaton youngster, accompanied the comedian. (P. & A. photo.)

Trace of bichloride of Mercury found through autopsy in the stomach of Mrs. Helen Osborne, who died during a liquor revel at Eagle Rock Sunday night will bring about the release of Hazel Barton (above), held as a witness. (Times photo.)

Boston's Lone Wolf, who specialized in the burglary of apartments occupied by women, and who proved to be James E. Walters when he was trapped the other day, is shown above (left) with Boston police inspector. (P. & A. photo.)

Considered a Beauty in Algiers, is the young lady pictured above, who recently was selected as the most beautiful of all the Algerian native girls. She is 18 years of age and her father is a blacksmith. (P. & A. photo.)

Schoolday Romance of Jim Thorpe, Indian athlete, accounted one of greatest of all time, went on the rocks the other day with the filing of divorce by Mrs. Iva Thorpe, above with the Thorpe children, at Tulsa, Okla. (P. & A. photo.)

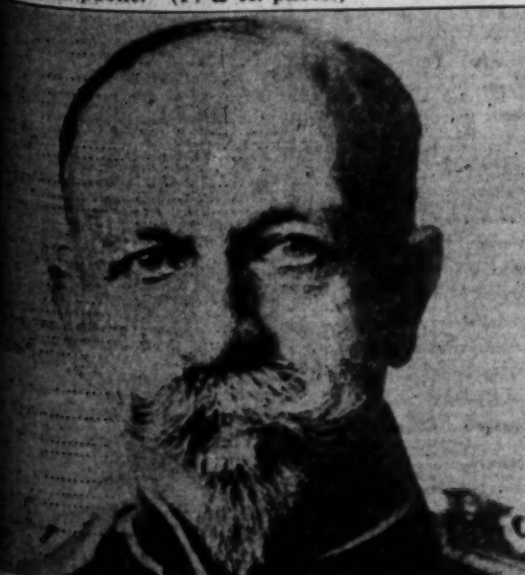

Indefinite Marriage of Princess Barbu Stirbey of Rumania (above) to Col. N. Arion in London eight months ago, has been annulled by the Bucharest court on the ground the ceremony was not performed in public. (P. & A. photo.)

Youthful "Tax Wizard" is Alexander Gregg (above), 25-year-old expert of the Treasury Department, who has been appointed solicitor of Internal Revenue to succeed Nelson Hartson, resigned. (P. & A. photo.)

Earning \$15 a Week at Hard Work in the Milwaukee branch of the International Harvester plant, Fowler McCormick (above), 27-year-old son of millionaire Harold F. McCormick of Chicago, was found the other day by newspapermen. (P. & A. photo.)

Sum of Approximately \$55,000 was returned in favor of Mrs. Muriel Waterhouse in her sensational suit against Lady Wilson-Barker at London several days ago. Mrs. Waterhouse charged that this amount had been borrowed from Alfred Francis Waterhouse, her late husband, by Lady Wilson-Barker who was involved in a liaison with him years ago, according to complaint. Above are pictured Sir David Wilson-Barker and Lady Wilson-Barker. (P. & A. photo.)

No. 11 of a Series of Personal Messages from the
Directors and Governors of Credit Finance Corporation

Summing Up the Facts

BY
A. G. PEASLEY
Governor Credit Finance Corporation
Managerial Staff of Associated Oil Company

Knowing most of the officers and directors of the Credit Finance Corporation personally, and the others by reputation, assured me that the management was in very capable hands, and, that other conditions being favorable, it could not be other than a success.

It was also very attractive as an investment for several other reasons:

- 1st. Officers and directors were paying for their stock the same as any other purchaser and on the same terms.
- 2nd. There was a need for such an institution in this locality and it would benefit the client as well as the stockholder.
- 3rd. The record of similar institutions throughout the country has been exceptionally fine.
- 4th. The retirement of preferred stock, thereby returning the original investment in a few years.
- 5th. The profit on invested capital which could be immediately expected.
- 6th. That the stock of this type of business invariably has a high collateral value and a ready market if one desired to make a loan or sell.

Summing up the facts, it appeared to me to be almost as near an ideal investment as one can find.

I am pleased to have been able to avail myself of this opportunity presented and do not hesitate to recommend it to my friends, which is an exception to my usual rule.

Managerial Staff of Associated Oil Company

A. G. Peasley

The great bond houses of this country would probably go into bankruptcy were they forced to depend on a client composed exclusively of business men. That is because the typical business man is an operator, who is working every cent of his capital over-time and borrowing to his limit in addition. Usually he invests but little of his money on the outside, and the extraordinary proposition being able to capture his money.

It is significant that practically the entire present industrial capital of the Credit Finance Corporation has been loaned to the business executives of Los Angeles. It is also particularly interesting to know that through the activities of these men, the Corporation is now on a substantial, paying basis, and is rendering a large quota of service to Los Angeles industry and commerce.

OIL
NEWS

BY ROBERT J. FRITCHARD

The conviction which has pervaded the oil industry of California that the Associated Oil Company paid a handsome price for its 4000-acre lease on the Hellman ranch at Seal Beach, was strengthened yesterday with the development of the fact that the representatives of the T. W. Hellman estate, owners of the big ranch, in opening negotiations with the bidding operators, refused in advance to consider any proposition which would give to the Hellmans less than all the production of the lease, after the cost of drilling the wells had been taken out.

The most authentic reports available, checked in authoritative but unofficial sources, indicate that the Associated agreed to drill the Hellman lease, deliver all the production of the lease to the Hellman estate, after subtracting the cost of operating and to buy back the oil at a premium of 10 cents above the market price. Different authorities, including high officials of companies which competed with the Associated for the lease, differ only in the detail of how much bonus the Associated agreed to pay for the oil. It was generally reported to be 10 cents, with a possibility that it may have been 15 cents.

The proposition presented to the operators at the outset, resolved itself into a question of which operator would pay the highest bonus for the oil. The Associated Oil Company, with long-term contracts with the Southern Pacific Railway for crude and fuel oil, involving premiums said to run as high as 40 cents above the market price, was in a better position to bid on such a basis than the majority of its competitors, and this company accordingly was successful in getting the lease.

The Hellman ranch has been the most sought-after lease in California, due to the fact that it is practically proven productive territory, although a well has never been drilled upon it. The Shell

company, prospecting west of the Hellman tract, has developed oil, and proved that the most productive area is on the Hellman ranch, to the east.

Reports Good Showing
The West Coast Oil Company, a subsidiary of the Associated Oil Company, drilling the Fox Hills No. 101, a deep test in the old Beverly Hills field, has picked up good showings of oil and gas in the ditch, and is coring ahead solidly, according to field reports. No official information on the well is available.

The entire Beverly Hills field, comprising a considerable number of shallow wells which have been pumping for about twenty years, is owned by the West Coast Company, but operators in the Inglewood field, located several miles southeast are watching the deep test with much interest, because of the bearing which its development will have on the Inglewood district.

According to geologists, the discovery of a deeper oil zone in the Beverly Hills field, located at the foot of the Santa Monica Mountains, would almost prove the existence of a deep zone at Inglewood, located several miles from the foot of the mountains. The reason for this inference is said to be the fact that there is less chance for the oil to be lost near the mountains than farther out on the plain, and oil is never found except in such formations.

Break World's Record
The Marland Oil Company yesterday laid claim to the world's record for setting heavy casing in an oil well. The claim was based on the successful cementing of eleven-inch casing, weighing fifty-four pounds a foot, at a depth of 400 feet, the total weight of the string being almost 111 tons.

The previous record, so far as is known, was held by the Superior Oil Company, which set a string of casing weighing 108 tons in its wildcat well on the Moreland ranch, east of the Rosecrans field.

Union Gets Well
The Union Oil Company yesterday completed its No. 11 well in the Dominguez field, getting an initial production of 1300 barrels a day, according to official reports.

The gravity of the product is reported at 27.1 deg., the lowest yet found in the Dominguez field, but this may improve when the well clears up, the cut yesterday being 12 per cent.

Gets Small Well
The Federal Drilling Company yesterday brought in its Kanady No. 1 in the Athens area of the Rosecrans field, getting 322 barrels a day, from a depth of 5000

FISHER'S WEEKLY INDEX

Prof. Irving Fisher's wholesale price index of 200 representative commodities and the relative purchasing power of money compared with monthly averages since January, the low in January, 1922, the peak of prices in May, 1920, and the basic 100 in 1913, follow:

Index	Purchasing Power
1913	100
1920-May (peak of prices)	247
1922-January (low)	128
1923-Average	158
1924-Average	149.3
1925-January average	161.9
1925-February average	162.6
March, week ended March 7	164.1
March, week ended March 14	162.4
March, week ended March 21	162.2
March, week ended March 28	160.6

ca's foreign trade increased materially during February. Commerce Department reports made public today show an increase of \$2,000,000 in exports to Europe and an advance of \$2,000,000 in imports from that part of the world.

Acquires Large Lease
Charles A. Dore, vice-president of the Superior Oil Company, returned yesterday from the Mid-Continent field, where he negotiated for an 11,000-acre lease, comprising an entire structure in Kansas. When final details of the deal have been completed immediate drilling operations on the lease will be started, according to Mr. Dore. W. A. Prewitt, who has had charge of the Superior's field operations in the Los Angeles basin, will have charge of field operations in the new district.

Pay Wright, Chief Geologist
Pay Wright, chief geologist of the Superior, expects to leave Los Angeles within the next few days, Mr. Dore returning with him, and 14 quarters for the Mid-Continent operations of the company will be located in Houston.

Makes Sixty-five Barrels
The world's deepest oil well, the General Petroleum Corporation's Amestoy No. 1, in the western part of the Rosecrans field, yesterday pumped sixty-five barrels of clean oil, according to official reports. Tubing was lowered to 5029 feet. The General Petroleum is experimenting in an effort to increase the production of the well, which is 6737 feet deep.

SAN JUAN
TURNS OUT
FIRST GAS

Initial Output Flowing
Into Tanks of Refinery at
Farmington

(EXCLUSIVE DISPATCH)

FARMINGTON (N. M.) March 29.—The first gasoline to be made in commercial quantities in the San Juan Basin was made yesterday at noon, and this morning gasoline began filling the 5000-gallon tank of the Continental Oil Company refinery just completed here. The first car to be loaded in North eastern New Mexico with gasoline made in this State from crude oil produced in this State, will be loaded tomorrow, according to a statement given out today by Dr. F. E. Knoch, field superintendent, who is here getting the plant started.

Dr. Knoch says that this refinery, which is the last word in present-day methods of refining, has a daily capacity of 500 barrels. There is a per cent loss in reduction on a gravity basis, but the crude, when refined, gives 104 per cent production on a quantitative basis, as gasoline expands in reduction.

The gasoline from the Farmington refinery will be used to supply the entire narrow gauge system of the Denver and Rio Grande railway system, and will thus supply the lines as far south as Santa Fe, as far east as Salida and as far west as Montrose.

The refinery is connected with the Hogback Dome and the Rattlesnake structure by four-inch pipelines, and it is said that this size line will carry about five times as much oil of this high-grade crude as it will of the lower gravity crude produced in other fields.

The storage tanks at the refinery, and loading racks, and those at the wells on the two structures now connected up with the refinery, have a capacity of 70,000 barrels.

The wells have a daily productive capacity of about 12,000 barrels. Another pipeline will soon be constructed that will connect the Bloomfield well with the refinery. This line will be a gravity line and will be the first gravity line in the district. The refinery has cost \$100,000 and it is stated that its capacity will probably be doubled this year.

Locally, according to ancient tradition, was the bush in which God appeared to Moses.

\$15,000,000

State of San Paulo

(UNITED STATES OF BRAZIL)

Twenty-five Year 8% Secured Sinking Fund Gold Bonds

External Loan of 1925

Dated January 1, 1925

Due January 1, 1950

Interest payable January 1 and July 1. Principal, premium and interest payable in New York City either at the office of Speyer & Co. or of J. Henry Schroder Banking Corporation, in United States Gold Coins of the present standard of weight and fineness, without deduction for any Brazilian taxes, present or future.

SPEYER & CO., Fiscal Agents for the Loan
Coupon Bonds in denominations of \$1,000 and \$500.

Cumulative Sinking Fund beginning January 1, 1931, sufficient to redeem the entire issue at or before maturity, to be applied to redemption of Bonds through purchase in the market at or below 105% and accrued interest, or if not so obtainable, through drawings at 105% by lot. All Bonds not previously retired by the Sinking Fund are to be paid at 105% at maturity.

Not subject to redemption before January 1, 1935, except for Sinking Fund. Redeemable at 105% on that date and on any interest date thereafter, at the option of the Government, as a whole (but not in part, except for the Sinking Fund) upon not less than six months' notice.

SECURITY: These Bonds (the total authorized amount which is limited to \$15,000,000) will be the direct obligation of the State of San Paulo, the most important state of Brazil, and will be secured by

(a) A first charge on the receipts from the tax on the transfer of real property and from the inheritance tax (imposto de transmissao de propriedade inter-vivos e imposto de transmissao de propriedade causa-mortis). The receipts from these taxes for the past three years averaged over \$4,300,000 per annum and in 1924 were over.....\$5,400,000

(b) A mortgage on the Sorocabana Railway, which will be a first lien on approximately 540 miles of road, (b) a lien on about 560 miles subject to the mortgage securing the Loan of 1905 (the original amount of which, approximately \$18,500,000, has been reduced through operation of the Sinking Fund to about \$13,650,000) and (c) a lien on the net earnings of the Railway subject to prior charges aggregating approximately \$2,000,000 per annum.

The annual net earnings of the Sorocabana Railway, applicable to this Loan, after deducting such prior charges, are estimated on the basis of rates now in effect at approximately 900,000

Total.....\$6,300,000

The above revenues pledged for this Loan are equal to over five times the annual interest requirements. The total annual charges for the service of the Loan beginning January 1, 1931, when the sinking fund becomes operative, will be less than \$1,600,000.

The Loan contract provides for remittance of the funds required for the service of the Loan in fifty-two weekly installments to Speyer & Co., Fiscal Agents.

PURPOSE: The proceeds of this Loan are to be used for additions, betterments and extensions to the Sorocabana Railway, owned by the State. This Railway extends from the City of San Paulo, the capital of the State, through its southern and western ports, including some of the richest coffee growing and sugar producing districts.

Conversion from milreis into dollars has been made at the current rate of exchange of approximately 1110 milreis, or at the average rate prevailing for the year referred to. Other currencies have been converted at par of value.

Application will be made in due course to list these Bonds on the New York Stock Exchange.

A large part of the above Bonds having been sold abroad, we offer the balance for subscription when, as and if issued and received by us, at

Price 99½% and Accrued Interest, to Yield 8.10%

All proceedings in connection with the issuance of the above Bonds are subject to the approval of our counsel, Messrs. Curtis, Mallet-Prevost, Colt & Mosé

Subscription lists will be opened at the office of Speyer & Co. at 10 o'clock A. M. Tuesday, March 31, 1925, and closed in our discretion. We reserve the right to reject any application and to allot a smaller amount than that applied for. Amounts due on allotment will be payable at the office of Speyer & Co., 24-26 Pine Street, in New York funds on or before April 16, 1925, as called for, against delivery of Interim Receipts exchangeable for Definitive Bonds when ready.

Speyer & Co.

Blair & Co., Inc. Ladenburg, Thalmann & Co. E. H. Rollins & Sons

\$7,000,000
Houston Oil Company of Texas

Ten-Year Sinking Fund 6½ per cent Gold Notes

Dated April 1, 1925

Authorized, \$15,000,000

Due April 1, 1935

To be presently outstanding, \$7,000,000

Interest payable semi-annually, April 1 and October 1, at the Bankers Trust Company of New York, at the Maryland Trust Company, Baltimore, Maryland, or at the Bostonian Bank, St. Louis, Missouri, without deduction for any Federal Income Tax not exceeding 5%. Coupon Notes in denominations of \$500 and \$1000, with privilege of registration as to principal. Balance on interest date on sixty days' notice at par and accrued interest plus a premium of ¼ of 1% for each year or fractional year from date of redemption to maturity.

Maryland Trust Company, Baltimore, Maryland, Trustee

The following is a summary of information contained in letter from Mr. E. H. Buckner, President:

HISTORY: The Houston Oil Company of Texas was incorporated in 1901 under the laws of the State of Texas, and acquired in fee approximately 800,000 acres of land in Texas and Louisiana. Until about 1918, the Company's principal operations were confined to the marketing of its timber through the Kirby Lumber Company. In 1918, the Company entered into a contract with the Republic Production Company to develop the mineral rights it then owned and the development in the Hull Field was a result of this contract. Independent of this contract, the Company has since acquired and developed leases in the Smackover Field, Arkansas, the Big Hill Field in Texas and the Cromwell Field in Oklahoma, and recently developed an unusually large gas field in Live Oak County, Texas, where leases on 94,391.16 acres are owned.

PROPERTY: The Company owns a one-half interest in the oil and gas in 734,694.72 acres of land in East Texas and owns in fee the mineral rights in the ownership of approximately \$4,682,000 of obligations of the Southwestern Settlement and Development Co. (not incorporated). The Company also owns the fee of 15,240 acres of land in Western Louisiana; also leases on 104,495.38 acres in Arkansas, Kansas, Louisiana, Oklahoma and Texas, a cracking plant refinery at Camden, Arkansas, with connecting oil and gas pipelines and the proposed 200-mile gas pipeline in Texas. The above constitutes a large and valuable reserve, such as is enjoyed by few companies. The average settled net crude oil production of the Houston Oil Company of Texas for the month of January, 1925, was 6669.69 barrels per day.

PURPOSE: This issue will provide the Houston Pipe Line Company (all of whose securities are owned by the Houston Oil Company and pledged with the Trustee to secure this issue) with funds for the construction of a 200-mile pipe line from the Company's recently developed gas field in Live Oak County, Texas, to Houston, Texas, and intermediate points. It is the opinion of the management, after the most careful and exhaustive investigation by competent engineers and geologists, that the Company has an excellent opportunity under most favorable conditions to develop a valuable asset. Analysis of the territory to be served indicates a potential demand for gas in excess of the 40,000,000 cubic feet per day capacity of the proposed line. The present proven gas wells indicate ample gas supply extending well beyond the maturity of these Notes. It is estimated

that from the sale of this gas alone, additional earnings of not less than \$1,600,000 per year will accrue directly to the Company and its subsidiary Pipe Line Company.

SECURITY: These Notes will be a direct obligation of the Company, and will represent its only funded debt. The net assets after giving effect to this financing, without deducting the Notes of this issue, total \$4,569,914.72, as shown by the Balance Sheet as of December 31, 1924. The indenture provides that the Company will not create any mortgage upon any property now owned or hereafter acquired by the Company, except purchase-money mortgages and loans made by the Company in the ordinary transaction of its business, while any Notes of this issue are outstanding. These Notes are followed by \$24,968,000 par value of common stock listed on the New York Stock Exchange, and \$8,947,600 par value of 6% cumulative preferred stock listed on the Baltimore Stock Exchange. There will be deposited with the Trustee for the benefit of these Notes, all the bonds and stocks of the Houston Pipe Line Company, including \$7,000,000 of 6½% Bonds which will constitute a first mortgage on the entire 200 miles of proposed pipe line. Total net assets exceed \$6,300 per \$1,000 Note.

EARNINGS: Based on report dated March 19, 1925, of Messrs. Haskins & Sells, Certified Public Accountants, the net earnings for the five years and three months ending December 31, 1924, before depletion, depreciation and Federal Income Taxes total \$9,998,726.05 or an average of \$1,904,519.24 per year, equal to 4.18 times interest charges on this issue. After depletion and depreciation, earnings total \$6,256,946.61 or an average of \$1,191,799.35 per year, equal to 2.61 times interest charges. Based on present gasoline prices, it is anticipated that the income from the recently completed cracking plant refinery at Camden, Arkansas, will increase net earnings not less than \$300,000 per annum, while the new pipe line earnings, it is estimated, will exceed \$1,600,000 per year.

SINKING FUND: The indenture will provide a sinking fund equal to 75% of the net earnings of the Houston Pipe Line Company, after deducting interest charges on the latter's first mortgage bonds, but before depreciation. Sinking Fund to be applied to redemption of this issue by purchase in the open market, and if not obtainable, to redemption by lot. It is estimated there should be available for the sinking fund not less than \$700,000 annually from date of completion of the pipe line.

All legal proceedings in connection with the authorization and issuance of these Notes to be approved by Messrs. Reed, Smith and Reed, Sherman, Texas, Attorneys for the Company, and by Messrs. Lehmann and Lehmann of St. Louis, and Messrs. Harbary, Gossell & Williams of Baltimore, Maryland, Attorneys for the Bankers. This offering is made when, as and if issued and accepted by us, subject to the approval of our counsel. Interim receipts or temporary notes will be deliverable in the first instance.

Price 100 and accrued interest, yielding 6.50%

ITALY TO ASK DEBT REVISION

Propagandist Sees Day of American Forces in Trenches Were Italian
The Italian government has announced that it will ask for a revision of the terms of the 1919 peace treaty, specifically regarding the reparations and debt obligations. This move is seen as a significant challenge to the post-war settlement.

BOOST COMMITTEE NAMED

Executive Body Selected to Direct Campaign for Million Dollar Advertising Fund
The Southern California Forward Movement, which has for its objective the raising of a fund of \$1,000,000 for the joint use of the All-Year Club of Southern California and the Los Angeles Chamber of Commerce, took another step forward yesterday by the naming of an executive committee by President George L. Cochran.

Those named to serve on this committee with the officers are: Ex-Senator Frank P. Flint, president of the Los Angeles Investment Company; D. W. Pontius, general manager of the Pacific Electric Company; Bernard Dyan, president of the Retail Dry Goods Association; Irving Hellman, vice-president of the Hellman Bank; A. Frank, general manager of the Ambassador Hotel; C. C. C. Tatum, president of the Los Angeles Realty Board; W. P. Jeffries of the W. P. Jeffries Company, and president of the Electric Company.

Famous Humorist Sees Epitome of His Ideal Here
NEW YORK, N.Y., March 30.—The famous humorist, Mark Twain, who is here on a tour of the West, was taken yesterday by the City of Los Angeles, when upon motion of the City Attorney, the Board of Regents was instructed to draft the necessary resolution placing upon the ballot of the May primaries a bond issue for the purchase of the land.

CITY CLUB REVUE IS CLIMAX

Unusual Colors and Designs for Spring Are Made Up Into Practical, Though Pretty, Dresses
BY MYRA NYE
Chic, smart, ultra, distingue—none of these adjectives, chummy as they usually are with fashion-show reports, is the suitable descriptive for the climax of six fashion shows of the season for the Women's City Club yesterday and the first of a perfect orgy of a similar display of apparel where women may congregate this week.

Romaine De Terte-Erte, high-priest designer, known wherever in the world women wear clothes, who is now in our midst, says the word chic would never be applied to the figure of Venus De Milo nor the clothes she might wear today. No more would it to the clothes of yesterday. They were lovely, pretty, serviceable, practical, fashionable and in some instances charming. And this was just what the world needed.

Living Models Fascinate Club Women with Display of Latest Modes

Gowns for Morning, Night and for Every Occasion Shown

Models and costumes exhibited are, left to right, Dorothy McVey in morning dress; Audrey Dale in morning shopping ensemble; Audrey Dale in afternoon street ensemble; Daisie Rardin in summer afternoon dress, and Audrey Dale in evening gown.

Harry Carr

FATHER RICHARD'S big March storm arrived on express-train schedule. Although it wouldn't have mattered so much if it hadn't. At least, he would have been honored for the courage to come out flat-footed—some way or other. It is better he wrong than to fill and back and hedge.

ON THE FENCE

After you have been in the newspaper life as long as I have the most contemptible of all faults seems to be indecision. In this business you learn to take one glance and make an instant decision, which must be absolutely irrevocable. Kipling says: "There ain't no 'Stop, conductor,' when a battery's changing ground," and there ain't no time for weak indecision when a newspaper's going to press.

RISKING HIS FAME

I don't know half a dozen men with nerve enough to commit themselves irrevocably and irretrievably, without straddling to an opinion which will risk a reputation the way Father Richard does. The "Padre of the Rains" takes a squint through the long barrel of his telescope along in November and says that it will rain on the afternoon of March 29.

The regular Weather Bureau says it might rain tomorrow, and then again, it might not rain.

IN THE MOVIES

Incidentally this terrible habit of dodging the final decisions is the chief trouble with the movies. Out in the movie studios they straddle and compromise and shuffle and cover up until they have neither fish, flesh nor fowl.

A DELIA'S NOVEL

It seems only yesterday that Adela Rogers St. Johns was a little girl in pigtails and skinned knees—with her mouth smeared with jam. And here comes her first novel. Unless I am a very poor judge "The Sky Rocket" will earn a fortune for Adela. Also it will give Hollywood the heebie-jeebies. There are so many real celebrities in it; and Adela's frankness is so relentless.

Many of the illustrious are going to have the nervous jumps to find themselves wandering through that story under other names.

KID PESSIMISM

The mood of the day favors the woman writer. The mood is of disillusionment. And only women are truly disillusioned. With men it is always put on.

The blasé "young intellectuals"—the F. Scott Fitzgeralds, the Stephen Benets, Floyd Dell—always seem so obviously delighted with their lack of delight. Somehow they always suggest the elaborate indifference of a little boy smoking his first cigarette.

BOYHOOD SWEETHEARTS

Another marriage based upon "and old school-days romance" has gone into the divorce court. No wonder!

It's bad enough to meet a sweetheart of your school days; to marry one is a terrible idea. The sweetheart of your little-boy days isn't a girl; she is a fairy princess who slips ambrosia and walks with Cinderella feet upon the dew of the golden morning.

To marry her and discover she has corns and uses clay packs and reads Marie Coralli is too much for the romantic heart of man to endure.

The most satisfactory boyhood sweetheart is a circus rider who floods your heart with a distant vision of pink tights and a prancing horse and fits on into oblivion.

Shriners to Get Invitation From City Government

Motley H. Flint, director-general of the Shrine convention which was authorized yesterday by the City Council to extend its official welcome to the Shrine members and their families throughout North America. The resolution was introduced by Councilman Mueset and was unanimously adopted. It is expected that between 150,000 and 200,000 people will be drawn to this city by the fifty-first annual session of the Imperial Council, Ancient Arabic Order, Nobles of the Mystic Shrine.

TUESDAY MORNING.

**PIGGLY WIGGLY
CONCERT AT KHL**

Total Pleasing Program
 Given on Silent Monday

Are Introduced

Night of April 6

BY CLAIRE FORBES CHANE

OLD So's smile was so broad yesterday that we were secretly thankful for silent Monday. We know his radio family would like to hear him on every day and night, but you all know one must play occasionally to improve the quality of one's labor. However, we had one program that was excellent enough to forestall any complaints and disaffected entertainment and everyone remained contented for the rest of the day.

The Piggly Wiggly Girls, without whom no Monday noon program would seem complete, entertained their customary generous mass of semiclasses and popular stars. This trio combines youth, talent and personality with a degree usually difficult to secure in an ensemble and the happy result enfuses their work.

It was our outstanding feature to im-

She was the belle Morsp, soprano, and Edna Rayfield, contralto, who not only delighted their hearers with voice, but revealed a splendid knowledge of voices in their recitals.

Oliver W. Gushue, who accompanied them, was another new figure to Radioland and proved an addition to our family of artists thanks to his assistance at the Knabe and his solo, "Ballet Number," by LaFarge.

The program also marked the debut of Mary Lee Head, pianist, who is a visitor from Denver, where she was served as municipal pianist.

Also appearing in the show was the "Ballet Number," by LaFarge.

served as organist in the Los Angeles First Baptist Church. Her contribution to yesterday's program was that great total picture of human emotions. "Polichinelle," by Rachmannoff.
 Do not forget it will rain at KHJ on the night of April 8. Do not leave your home that evening.

Board Opposes Bill Dividing Probation Work
The Board of Supervisors yesterday declined to approve a bill pending in the Legislature which would separate juvenile and adult work on the county probation department. Judge Hardy of the Superior Court presented a suggestion that the bill be indorsed. The board while opposing the proposed division of the probation department, went on record as favoring another portion of the same bill permitting judges, at their discretion, to assess fines when granting probation in felony cases of violence. As the law now stands, the court must make choice between letting the convicted prisoner or in these cases go free under probation or sending him to prison. In cases of offense against property, restitution is frequently made a condition of probation, and the change is proposed so as to enable courts to modify probation in violence cases.

GIANTS
California is a land of giants.
Animals and vegetation grow large.
People tend to develop into a larger
race physically.
And their thinking enlarges and ex-
pands.
If we would keep in mind the bigness
of this glorious State demands of us
we would expand very fast.

broadest sense of the word—we are
really Californian.
And if we reflect California we will
express growth, wealth and prosperity.

INSURANCE SALESMEN MEET HERE
Celebrate Anniversary of Pacific Mutual Company, Eighteen Years Old
Insurance salesmen from the quarter-million-dollar a year business gathered to the star performer who annually turn in from one to three million dollars' worth of business, assembled yesterday to celebrate the eighteenth anniversary of the Pacific Mutual Life Insurance Company in the home office agency, Pacific Mutual Building.
The company, one of the leading life insurance organizations in the United States, has \$9,000,000 policy holders from the company office alone, and has \$100,000 in insurance in force through the same office. In 1924 the home office paid its salesmen for \$24,600,000 worth of new business.
Thomas F. Cantwell and Charles L. Lewin, honor salesmen of the company, turn in from \$1,400,000 to \$2,000,000 worth of new business a year.
Anna Pearl Kimber led the saleswomen last year with a gross amount of \$400,000.
The world's record for insurance sales in a thirty-day period is held by R. A. Brown, who wrote \$70,976 worth of business in this period of time.
Yesterday's celebration was distinctly an ovation to the company's salesmen. The lesser lights of salesmanship listened to explanations by the "stars" as to how such stupendous results were secured.
The convention closed with a banquet and dance in the Pacific Mutual Building's luncheon room. John Keaton Russell, manager, presided as toastmaster.

VERMONT LIGHTS TO BE USED THURSDAY
The new ornamental lighting system on Vermont avenue from Hollywood Boulevard to San Marino street will be switched on for the first time Thursday night with appropriate exercises to be followed by a three-day carnival centering at the Virgil Junior High School grounds at First street and Vermont avenue. George H. Coffin, Jr., president of the Hollywood Chamber of Commerce, will deliver the dedicatory address when the new lights are flashed on at 8 p.m. Thursday.

Flower Petals May Be Used as Food Flavors
Extensive use of flower petals as food flavors was forecast yesterday by H. G. Haffer, business manager of the Southern California Retail Grocers' Association. Haffer based his prediction on discoveries made in preparation for novel exhibits in the second annual Food and Household show, which will be held from April 11 to 19 in Ambassador Auditorium.
Within a short time, when the housewife prepares a batch of dainty cookies, instead of flavoring them with extract of vanilla, according to the food scientist, she will intermingle in the dough a teaspoonful of real attar of roses, obtained by running through a meat chopper a handful of rose petals gathered in her door yard.
Cakes, pastries, even roasts, steaks and boiled vegetables will be increased in delicate flavor, it was said, by the petals of posies, California, in particular, lends itself, said Haffer, to this form of cooking due to the wide variety of flowers grown here and the fact that they may be gathered the year around.
Use of flower petals, he announced, for spicing various forms of cooking will be exemplified extensively at the forthcoming food show. By this means, it was said, a general application of petals in home cooking may be ushered into the kitchens of Los Angeles homes.
To substantiate his theory, Haffer called attention to the wide use now being made with flowers as a flavor for various candies.

Regional Park Bill Protested by Supervisors
A resolution opposing the proposed regional park bill, now pending before the State Legislature, was adopted yesterday by the Board of Supervisors. The board also instructed Deputy County Counsel O'Connor, who is in Sacramento watching legislation in the interests of the county, to take a definite stand against the bill.
The action of the Supervisors was taken to prevent the establishment of another taxing body in the county as provided by the bill. It was pointed out, would establish a park commission of five members with powers to lay mandatory levies for the maintenance of the parks under its supervision.
Charles H. Treat, representing the Marblehead Land Company, also appeared before the board with a demand to take a stand in opposition to the bill, which he declared, was aimed particularly at the company he represented, and Mrs. May K. Rindge, owner of the Rindge estate.

Bullock's . . . One o'Clock Saturday
Basement Store

Remember, Bullock's Closes at One o'Clock on Saturdays

A Pre-Easter Event Wednesday
(not today)
New Spring Coats \$12.00

—and \$12 is a much less than regular price for coats of this character—quality, style and workmanship all considered—

New Coats—fashioned of the new coatings, featuring the new style lines and trimming touches—

Illustrated is just one of the many attractive styles included in this special event at \$12—Wednesday (not today)

Coats trimmed with braids and fancy buttons on collar and side seams, or with contrasting color material—and all are nicely lined.

16 to 42 sizes in many styles in the straight line and two button effect—specially purchased and priced for a Pre-Easter Event at \$12—Wednesday (not today) in Bullock's Basement Store.

On Sale Wednesday (not today)
Girls' Dresses at \$5.00

Dresses for Confirmation, Easter or other wear for girls of 7 to 14 years—and on sale at much below regular—at \$5—Wednesday (not today)
Dresses of Voile, Taffeta, Crepe de Chine and Novelty Weaves in white and colors.

(the two the artist has sketched for you are of white voile—daintily as can be and suitable for whatever the occasion.)
Not many of any one style—in fact, of some there are but one or two of a kind—Every dress fresh and clean and perfect—and priced 'way less than regular—at \$5—Wednesday (not today) in
Bullock's Basement Store

4000 Garments specially purchased and on sale at just a fraction of regular—Wednesday (not today)
Girls' Undermuslins 15c, 25c and 85c
—three very, very low prices for garments of like quality—

Panties at 15c —2 to 10 sizes—straight leg style with pin tucks or embroidery—
Panties at 25c —in many different styles—trimmed with lace or embroidery, 2 to 12 sizes.

Slips and Combinations 85c
—made of soft white muslins and trimmed with lace or embroidery—6 to 14 year sizes—at a much below regular price—Wednesday (not today) in
Bullock's Basement Store

CEREAL KING TO BREED HORSES

W. K. Kellogg to Start Farm in Southland

Will Specialize in Raising Arabian Strain

Credits Advertising With Business Growth

A farm for breeding thoroughbred Arabian horses is to be established in Southern California in the near future by W. K. Kellogg of Battle Creek, head of the country's leading firm of breakfast food manufacturers. It was announced yesterday by Mr. Kellogg, who is now here to complete plans for the enterprise.

The manufacturer, who is at the moment, stated that he had purchased eleven registered animals, five stallions and six mares, from C. D. Clark, a ranchman near Indio, and would establish his farm as soon as he could procure a tract that answered his purpose.

FOR CAVALRY SERVICE

"I am greatly interested in the Arabian horse and am going to do what I can to prevent its becoming extinct in this country," said Mr. Kellogg. "The animals I have will be used for the remount service of the Army cavalry and for breeders of racing and saddle horses."

Speaking of business conditions throughout the country, Mr. Kellogg suggested that the faith of his own firm in future prosperity is evidenced by the fact that the Kellogg company is now completing expansion plans involving an investment of \$3,000,000.

"We have just established one new factory in Canada and are negotiating for sites for four others in different parts of the Middle West," he said. "We have also recently purchased the plant of the Quaker Oats Company, which adjoins our own in Battle Creek."

PUBLIC MUST KNOW

Mr. Kellogg said his company is selling more of its product per capita in California than in any other State in the Union. "I don't know the reason for this unless it's because so many of the people here came from the Middle West and are familiar with our cereals on that account," he commented.

Mr. Kellogg attributes largely the rapid growth of his business to advertising, stating that in the nineteen years since he began manufacturing breakfast foods, at first on a small scale, his firm had spent \$28,000,000 for publicity. "It makes no difference how good a product you have, if you quit telling the world about it, sales will fall off," he said. "This is the principle we have followed in all our advertising and we are well satisfied with the results."

THREATENS TO LEAP OFF SAILING SHIP

Letter Sent to Paper Says Writer is Ending Life to Save Wife Divorce

Masters of vessels departing yesterday from Los Angeles Harbor were notified by Long Beach police to be on the lookout for Edward Charles Vitale, who wrote a letter to a Long Beach newspaper stating that he intended to end his life by leaping from a ship yesterday as the vessel passed the breakwater.

A check of passenger lists of vessels departing from the harbor failed to disclose anyone of the name mentioned in the letter. It may be, police said, that he took passage under an assumed name.

The letter, which was mailed in Los Angeles last Friday, said the writer had lived in Long Beach for two years under an assumed name, and wrote the letter so that his wife would know of his death. The motive given was that his wife would be saved "the trouble of getting a divorce." He asked that his wife take good care of their 2-year-old son. The writer stated he did not know the address of the wife so police were unable to get in touch with her yesterday.

FALL FATAL TO SEAMAN OF PROCYON

Sailor Dies of Injuries Received While at Work on Fleet Target

The accidental death last Thursday of William Ellsworth Knudson, 22 years of age, a member of the target repair crew of the fleet tender Procyon, became public yesterday when the sailor's body was removed from the Hospital Ship Relief to a mortuary at San Pedro.

The sailor, it was disclosed, was engaged in repairing one of the battered targets used in force practice by the combined fleet last Wednesday. He had climbed up fifty feet on the target when one of the supporting lines snapped. He fell to the hull of the target, receiving a fractured skull, and died shortly thereafter. The fatality was not made public by fleet officers at the time.

It was stated yesterday that the body of the victim, who was a seaman, first class, will be taken back to his former home at Sanah, N. D.

OLDER RATE RETURN

Alleged excessive freight rates amounting to \$1432 were ordered returned to the Associated Oil Company by the Pacific Electric and Santa Fe in an order issued by the State Railroad Commission yesterday. The company complained to the commission that between May 8 and October 24, 1921, seventy-six carloads of gasoline were shipped from Wilmington to San Diego by way of Los Angeles on which the excessive freight rates were alleged to have been charged.

BUSTER IS WELCOMED BACK HOME

Galaxy of Stars Greet Comedian on His Return from Eastern Trip

(Illustration on Picture Page)
Stars that shine in daylight were much in evidence when Buster Keaton, grim-faced comedian of the films, emerged from a dusty Pullman into California sunshine at the Santa Fe station yesterday afternoon.

The frozen-featured funster was greeted on his return to Los Angeles by a galaxy of film luminaries, including Norma Talmadge, Constance Talmadge, Joseph M. Schenck, Mrs. Margaret L. Talmadge, Harry Brand, the publicity director of the Joseph M. Schenck interests, and a score of other film notables.

Mr. Keaton's return to California means an immediate resumption of activities at the Buster Keaton studios, his representative said.

In the Keaton party were Natalie Talmadge Keaton, the comedian's wife; Lex Neal, his director; "Dad" Keaton, the father of Buster, and several members of his organization.

Mr. Keaton returns from New York, where he conferred with Bob Sherwood, the famous humorist, from whom he has just purchased a story for the latest Keaton production, to be made in Los Angeles.

Fashion note—Mr. Keaton was carelessly costumed in a hard hat, spats and a cane. Friends have hopes for his recovery.

MANDEVILLE SAYS TRADE LOOKING UP

New York Foundry Chief Asserts Industry Nearer Had Better Basis

Business conditions in the East were never on a sounder basis than at the present time, according to Hubert C. Mandeville of Elmira, N. Y., president of the Elmira Foundry Company and largely interested in many other enterprises in that city.

Mr. Mandeville, who arrived at the Alexandria yesterday for a short vacation in Los Angeles, stated that the restoration of confidence following the re-election of President Coolidge is now beginning to show results in different lines of business activity.

"There is no boom but rather a steady growth in industry," he said. "I consider the absence of boom tendencies fortunate, because they always mean a reaction sooner or later and a consequent period of depression."

He added that there is no unemployment in the East at the present time and that money for investment in legitimate business enterprises is easily available at moderate rates.

Mr. Mandeville expressed amazement at the rapid growth of Los Angeles. "In some parts of the country the building program is nearing completion, but from the construction activities I observe in this city it appears that your population is still growing."

FILM ACTOR RELEASED IN AUTO CRASH

Negro Driver is Sought in Failure to Aid Woman Hit by Kit Guard's Car

Refusal of the District Attorney's office to issue a complaint on the evidence at hand caused police yesterday to release Kit Guard, motion-picture actor, after they had held him for some time on a charge of failure to stop and render aid after an accident.

Detective Lieutenant Robinson and Christianson arrested Guard at his home Sunday night after his car is said to have run down Mrs. Sallie Williams of 2524 Tenth avenue, seriously injuring her. The machine, it was declared, sped away from the scene. The detectives stated that Guard was asleep in the rear of the machine at the time and apparently knew nothing of the accident. They are seeking the negro driver of the car.

Marriage of 20 Years Ago is Untangled

Mrs. Laurel Suender finally had her matrimonial tangle unraveled yesterday when Judge Summerfield granted her a divorce from Harry Suender, whom she married twenty years ago, when she was only 15 years of age.

She nearly lost her case though, because when she testified that she had separated from Suender a year after their marriage the court thought for a while that she had let her grievance rest too long. But when she explained the circumstances the situation was shown in a new light.

For after she and Suender separated, she said, she heard he had obtained a divorce and, under this impression, she remarried. Later she found that she was still Mrs. Suender, legally, and had her second marriage annulled. She then sued for divorce to clear up her status.

"What was the trouble between you and Suender?" Judge Summerfield asked.

"He slapped me and pinched me," Mrs. Suender said. "I wanted to go and see my mother. He didn't want me to because he had objected to our marriage. He was so mean about it I was afraid to speak to him."

"Which goes to prove that mothers generally know best, even if it does sometimes take twenty years to vindicate their opinion," Judge Summerfield remarked.

WORK ON PLAYGROUND SITES TO BE PUSHED
Additional help to grade three recently purchased playground sites was allowed the City Playground Commission yesterday by the Council finance committee. The playgrounds, which were purchased from the \$1,500,000 bonds voted last year, are at Manchester avenue and Hoover street, a seven-acre site; Polinetta street, Hollywood, six acres, near Eagle Rock, ten acres. The commission is now investigating sites for six additional playgrounds.

“Well, this rug is a wonder for the money!”

HOW genuine linoleum is made
Blabon's Linoleum is made of finely ground cork and oxidized linseed oil, intimately blended, and firmly attached to a patterned base. In solid linoleum the pattern and colors extend clear through to the back. In printed grades the patterns and colors are printed on the linoleum body with heavy oil paints.

HOW proud it makes a woman feel to have her husband praise her taste and thrift! And trust the woman who knows values, to select Blabon Rugs of genuine linoleum, because they are wonderfully durable.

Blabon Rugs have a smooth, sanitary surface that is waterproof. They have no seams, never wrinkle or curl up at the edges or corners. They lie perfectly flat without fastening. Liquids spilled are easily wiped up, and never spoil the rug.

But what is more important, Blabon Rugs lighten the burdens of housework. Dirt can't get ground into them. They never need heating or hard sweeping—just a few strokes with a long-handled mop, and the rug is as fresh as when new.

Blabon Rugs are made in a wide range of designs suitable for any room in the home—from rich Oriental effects for the living room, and cheery, quaint and soft-toned designs for the bedroom, to tile and hardwood patterns for the kitchen and laundry. They fit the purse of the careful housewife, yet are tasteful, distinctive and livable.

Ask for Blabon's Linoleum by name. It is sold by good home-furnishing and department stores. If your dealer hasn't it, write us his name. We will see that you are supplied. Folder showing patterns and colors of 24 Blabon Rugs sent free on request.

perhaps

you think that all breads are pretty much alike. If you do, ask your grocer today for Gordon's Bread. You'll realize then that bread can be deliciously different—so light, so tender, so outstandingly fine that people will remark upon its goodness!

Unquestionably, Gordon's Bread is the choice of Los Angeles. More people eat it. In homes of nice discrimination, it has been the favorite for eighteen years.

A superlative delivery service makes it possible for you to get this wonderful bread always fresh and tender. Sealed in an air-tight, dust-proof wrapper—it comes to you with all its fresh goodness to tempt and delight. Ask particularly for Gordon's at your grocer's—by name.

Crowd Cheer When Woman Is Burned
They burned her as a witch. She was somebody's mother—an old lady with work-worn hands and a face wrinkled with the cares of bringing up a family.

They tied her to a stake and gave her a fire of joy as they piled up the faggots.

You orange at her story and dismise it as a superstition of long ago.

Today there's just as much unwarranted superstition surrounding the subject of fire cleaning. People have been led to believe that cleaning ruins furniture whereas scientists have proved that a fire can be cleaned 100 times without injury. Send your garments to a Master Cleaner—(Adv.)

BLEDSON WOULD HELP BUSINESS

Believes in Obtaining New Industries in City

Promises Square Deal to Every Citizen

Talks Before Los Angeles Transportation Club

"Los Angeles—straight ahead" was the keynote of former Judge Bledson's address yesterday noon at the Alexandria before the joint luncheon-meeting of the Los Angeles Transportation Club and the Southern California Passenger Association. The speaker was introduced by F. B. Smalley, chairman of the day, as the "next Mayor of Los Angeles," and received tremendous applause when he arose to speak.

Straight from the shoulder the candidate hammered home his point that the city government of Los Angeles is the "greatest single business in California," and that the Mayor should not alone conduct that business in a business-like manner, "short of politics," but also that the Mayor should lend his efforts to the constant business upbuilding and prosperity of the community.

"The Mayor's office, as I see it," said former Judge Bledson, "is a big one, demanding of the man who occupies it not alone close attention to the efficient and economical functioning of the various city departments, but also his active participation in the business development and growth of the city itself. If elected Mayor, I shall endeavor not alone to be interested in seeing for example that the city's streets are improved promptly and economically, but also that businesses and industries are encouraged to come here. We shall all work together to see that our new citizens, our new business men and their properties are well served when they establish themselves here. Their prosperity is our prosperity and all combine for the progress of the city that we love."

PROMISES SQUARE DEAL
"The city government is not a thing apart from business. It is

"LOST" PARTY IS RESCUED

Three Men and Two Women Spend Night in Auto With Snowstorm Raging; Road Obliterated

After spending the night in the center of a blinding snowstorm which completely blocked the road, the party of five Hollywood men and women lost in the blizzard Sunday on the Rim of the World Drive between Arrowhead and Big Bear Lakes was rescued yesterday morning by mechanics from the Mountain Garage and taken to safety.

The members of the party, which included Lucille Lee Stewart, sister of Anita Stewart, motion-picture actress, Mr. and Mrs. A. V. Nulty, David Mendelson and W. K. Hartman, suffered but little in the storm.

The heavy snowfall had obliterated the road, and they had remained in the car during the entire night, fearing to venture out because of the possibility of becoming entirely lost. They spent the night muffled in whatever blankets they had and stated that aside from the discomfort and the hunger which attacked them they had not suffered.

The party was on the way from Lake Arrowhead to Running Springs, where they were to have met George Hockensmith. The latter waited for them for several hours and when they failed to appear he notified authorities, who began an immediate search. The members of the party are expected to return to Los Angeles in a short time.

business and not politics. I regard it, and if elected, I shall bring to the office of Mayor, to the utmost of my energy and the best of my ability, those principles of business which have built up our great transportation systems which you manage, our railroads, our steamship and motor-bus lines, so that this community will be known the country over as a splendid place to live in and in which to do business. And further, it is my desire, if elected, that the Mayor's office will mean to you and every other man and woman in Los Angeles a friendly, helpful source of service to our community, and where all will receive a square deal, high or low, great or small, no matter who he is. It will be the office of your Mayor. The city government then being one of business, and that business being the efficient governing and the assisting in the growth and prosperity of the city, politics has no place in it, so let us drive politics out of this business."

The man or woman worker who serves the city enthusiastically and efficiently, should be recognized and that will be my policy in administering the city government, with its thousands of employees, who are doing their important part in the building up of Los Angeles. In my campaign every card is on the table. The question is solely one of your having confidence in me, in my desire, in my sincerity to work as Mayor for the continued growth and progress of this city toward its destiny as one of the greatest municipalities in the America."

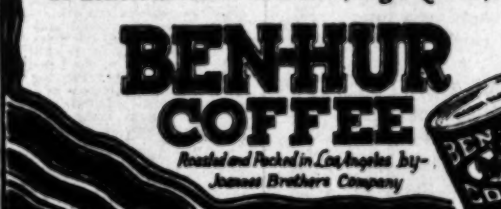

TALK WELL RECEIVED
The attendance at the meeting yesterday was very large and the 200 men and women present were enthusiastic in their applause throughout former Judge Bledson's brief but forceful speech. The address was especially fitting for the occasion, as the speech of former Judge Bledson was preceded by the showing of motion pictures of California scenes, particularly in the southern part of the State. These were shown through courtesy of Mr. Smalley, who is general manager of California Parlor Car Tours, Inc., which has established a new motor bus, "Seeing California" service. Present at yesterday's meeting as guests of J. E. Light were twenty-five young women engaged in the transportation business in this city, who under the leadership of Mrs. E. A. Hansen, are organizing a Woman's Transportation Club.

The membership of a campaign committee organized to work for the election to the City Council of Arthur O. Parke, from the Third Councilmanic District was announced yesterday and includes Councilman Walter Mallard, Capt. Walter Brinkop, Arthur W. Kinney, C. Clayton Ward, Albert M. Norton, E. F. Ahern, James W. Macchia, and Berlie B. Bonhaus, George A. Hart, C. C. Tatum, James B. Walls, Henry O. Wheeler, Joe E. Coberly, E. S. Pauly, Inc., Henry Harris, Everett B. Thomas, Oscar C. Smith, J. W. Tatum, Mrs. Emma Ringman, J. B. Althouse, Mrs. A. D. Smith, Mrs. Arthur W. Kinney, Dr. Helen Anderson, Miss Zoe Staub, Miss Esther Burrows, William C. Anderson and Elizabeth Staub. The campaign headquarters is at 214 North Larchmont Boulevard.

Mayor Cryer will address the members of the Commercial Board of Los Angeles at the Biltmore Wednesday noon, April 15.

The first address to be delivered before any of the leading women's clubs of the city by former Judge Bledson since his majority candidacy was announced will be

POLICEMAN ASSIGNED AS AN AIDE TO CUPID

Police Captain Spellman was handed a choice assignment yesterday by his superior, Chief of Police Heath.

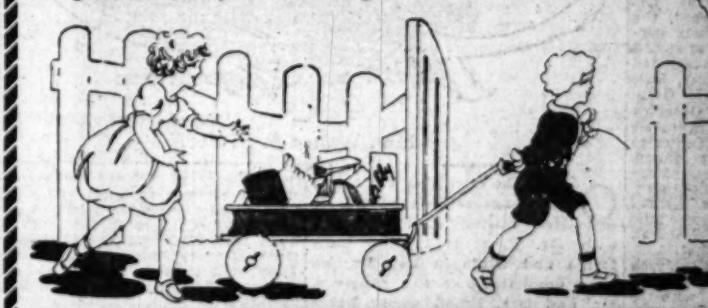

The assignment is to find "a real good man" for the demure Mrs. M. L. Wilson of Detroit, who confesses to the age of 38, boasts of brown hair and eyes "of a lovely shade," ranks herself as a piano player and typist, par excellence, and admits that she wants a husband and wants him now.

Her letter of appeal reached Chief of Police Heath yesterday, and he immediately passed it on to Capt. Spellman with his compliments. The latter was making no headway last night, so he decided to broadcast an appeal to the world at large asking the male half to communicate directly with the lady at 1427 Washington Boulevard, Detroit.

A Great, Rich Business Empire

The 49th State

One of America's Greatest Markets, Where Advertisers Are Building Sales Economically

Here is a vast empire of business easily covered, at low cost, by salesmen and by advertising.

A great market with all the factors essential to efficient, economical sales development.

A compact, naturally concentrated territory with 4,600,000 people Purchasing power that is second only to the cities of New York and Chicago, based upon value of purchases Wealth based upon a wider variety of natural resources and industry than any other state can show.

One big metropolis serves the entire area—St. Louis, its Capital There are 372 thriving towns of more than 1,000 population. Hundreds of smaller communities. . . . More than 40,998 retail outlets. Numerous progressive dealers in every line of trade.

A maze of railroads and highways facil-

itates the efficient routing of salesmen. 269 main-line passenger trains daily have their terminals in St. Louis, second largest railway terminal in the United States. 26 railroads, countless branch lines and interurbans form a transportation network that makes every section easily and quickly accessible.

The *St. Louis Globe-Democrat*—the newspaper of The 49th State—serves this entire market as no other newspaper even claims to do Reaches the real buying power of Metropolitan St. Louis Is read by three times as many families daily in The 49th State outside St. Louis as the first evening paper. It is *St. Louis' Largest Daily*—has been for years.

Let the *Globe-Democrat* help you to build sales economically in this great empire of business The Service and Promotion Department and the Research Division can give valuable assistance to any advertiser seeking to do the sales job well in The 49th State.

Map of The 49th State

That manufacturers and advertisers may know The 49th State better, the *Globe-Democrat* has published an Official Map of this important market which will be sent to executives making their requests on their business letterheads.

It shows the location of The 49th State in relation to the sections of states which it includes. Shows locations of roads and highways. Lists, by states, The 49th State towns of 1,000 population and over. And on the reverse side is a complete map of the United States, with the exact location of The 49th State designated in color, names and locations of 164 National Trunk Highways, and the principal railroads of the country.

As copies of this map cannot be sent promiscuously, distribution is confined to sales and advertising organizations.
